

*Courage*

*It is an adventurer,*

*Past the thousands of miles of the ocean blue.*

*It is a fighter,*

*Saving hundreds of lives that had no clue.*

*It is a messenger,*

*Just inside the enemy forces.*

*Here to help,*

*The voice that switches all our courses.*

*The founder of a country,*

*The slayer of the beast,*

*A player in a team,*

*And the hunter for the feast.*

*Courage is there to guide us,*

*All the while inside us,*

*To lead us,*

*And to feed us,*

*There for all,*

*Its use, your call.*

*Courage is your friend.*
